## 1000 Amp Next Generation Air Carbon-Arc Metal Removal Torch & Cable Assembly

Introducing the next generation air carbon-arc metal removal torch and cable assembly, AirPro X4000. It's unique and patent pending pneumatically operated upper arm and an air valve design eliminating air leakage through the torch & cable when turned off makes this torch assembly the best in the market.

- Pneumatically operated upper arm for ease of inserting/adjusting the carbon electrode in the torch head assembly
- Rocker switch allowing the insertion/adjustment of the carbon electrode and compressed air on/off
- No air flow through the torch & cable assembly without initiating flow through the rocker switch
- Less demand placed on the shop air compressor decreasing maintenance costs on the compressor while savings on electricity
- High Impact, heat resistant handle & insulators
- Lower profile & positive grip handles

### Industry

- Ship and Offshore Yards
- Civil Construction
- Pipe Construction
- Repair and Maintenance
- Heavy Fabrication
- Industrial and General Fabrication
- Mining
- Steel Erectors

*Cover provides protection for the torch metal parts*

*Pneumatic operated Upper Arm*

*Finger control with latch mechanism to lock the air flow on when in use*

# AirPro X4000

Specifications	
Amperage Range	90 – 1000 A
Electrode Size	Pointed 3/16 – 1/2 in. round (4.7 mm – 12.7 mm) Jointed 5/16 – 1/2 in. round (7.9 mm – 12.7 mm) Flat 3/8 in. & 5/8 in. (9.5 mm & 15.9 mm) Half Round 5/8 in. (15.9 mm)
Air Flow	25 cfm (708 l/min)
Air Pressure	80 psi (5.6 kg/cm <sup>2</sup> )
Certification Mark (Standards)	CE
Weight	7.05 lbs (3.20 kg)

Ordering Information	
AirPro X4000 Torch & Cable Assembly 7ft. (2.1m) - 360° Swivel	61-084-008
AirPro X4000 Torch & Cable Assembly 10ft. (3m) - 360° Swivel	61-084-009
AirPro X4000 Torch & Cable Assembly 7ft. (2.1m) - 360° Swivel & Insulated Hook-up Kit	61-084-006
AirPro X4000 Torch & Cable Assembly 10ft. (3m) - 360° Swivel & Insulated Hook-up Kit	61-084-007
AirPro X4000 Torch Assembly Only	01-084-002
