PRODUCT INFORMATION

ProtectoAutoclenz Mobile Fume Extractor

SUMMARY

ProtectoAutoclenz is a self cleaning mobile fume filter type PF incorporating a separator, a durable large surface area filter cartridge, and complete with a filter monitor, post-cleaning function and hour meter.

ProtectoAutoclenz weighs 160kg and is supplied on swivel casters for manoeuvrability.

TARGET APPLICATIONS

A heavy duty long life mobile fume extractor for use with unalloyed steel, precious metals, galvanised material and aluminium.

Due to its automatic cleanable filter the ProtectoAutoclenz is perfect for processes where large amounts of fume are generated.

FURTHER INFORMATION

The unit is capable of handling up to 3000 m³/hr and is complete with a 2, 3 or 4m 150mm dia hose type arm with internal support structure. The unit has a 1.5 kW fanset and is supplied with a 5m mains input cable.

The filter cartridge will automatically be cleaned when required with compressed air and the filter air can be re-directed back into the workplace, saving on heating costs.

ARTICLES & ACCESSORIES

Part Number	Product Description
EXT1AUT2110	ProtectoReclenz Mobile Extractor 2m 100v
